

# WHAT'S NEW IN ADVANCED MACHINING TECHNOLOGY?

Join the Society of Manufacturing Engineers' Chapter 21 as they feature TechSolve and Mr. Amit Deshpande on October 25, 2011. Mr. Deshpande will showcase the resources and expertise of TechSolve's Advanced Machining Group. His presentation will highlight TechSolve's:

- Advance Machining R&D (SMPI, IMAP, MTConnect®)
- Machining Services
- Machining and Technology Development Center

## Schedule:

6:00 p.m. - 6:30 p.m.	Registration, introductions, chapter news
6:30 p.m. - 7:00 p.m.	TechSolve's Advanced Machining Solutions Overview
7:00 p.m.- 8:00 p.m.	Dinner (buffet style), networking, and tours of TechSolve's Machining and Technology Development Center

Tours will include a 5-axis demonstration, and live test beds. MSC Industrial Supply Company will also demonstrate their tool vending system. Tours will be held in parallel with the dinner and networking session, but will be conducted in two small groups to allow for plenty of questions and interaction between attendees and TechSolve's experts.

## Location:

TechSolve  
6705 Stegar Drive  
Cincinnati, Ohio

## Date and Time:

October 25, 2011  
6:00 p.m. - 8:00 p.m.

## Cost:
